Dear Ms. McClatchey

Congratulations! We are pleased to provide this letter as notice of full endorsement for the Stonelick Creek Watershed Action Plan (HUC 12s: 050902021304, 050902021302, 050902021303, and 050902021301) by the Ohio EPA-Division of Surface Water and ODNR-Division of Soil and Water Resources.

We want to thank you and the watershed stakeholders for all the work that went into producing this endorsed comprehensive watershed action plan. This work, along with continued collaboration among local communities, businesses and support agencies are important to maintain and improve the health of Stonelick Creek and downstream waters.

We recognize watershed planning is an ongoing process requiring periodic review and updates in light of achievements and lessons learned. Therefore, when new data is made available and you proceed with implementation please update this plan to reflect these changes. Timely plan updates are required to maintain state endorsement, and we look forward to working with you through subsequent phases of watershed implementation.

Sincerely,
